Water Main Replacement Group Job 3008: E-Newsletter #11

This is the 11th e-newsletter for Water Main Replacement Group Job 3008. The e-newsletter will be distributed bi-weekly for the remainder of the project to keep the community informed about construction progress. The next e-newsletter will be distributed the week of August 31, 2009.

Project Description

The water main replacement work for Group Job 3008 is well underway. Group Job 3008 consists of two sections - Group Job 532 and 533. Construction crews are now replacing the existing cast-iron mains that are nearly 60-years old and are at the end of their service life.

The project will:

- replace 17,979 feet of 16" cast iron water mains
- improve service reliability
- minimize future water main breaks caused by aging pipes
- increase the size of existing pipes to better serve the area

Total project cost is \$5,777,000.

(619) 533-4207

General FAQs:

www.sandiego.gov/engineering-cip

Crews continue potholing activities during nightwork hours along N. Harbor Drive.

Upcoming Construction Activities

Currently, construction crews are working on Group Job 532 (see Orange dotted line on map below). The crew is working to minimize impacts to all those who travel in and out of this area.

During the weeks of Aug 17 & Aug 24 crews will:

- Verify the location of existing utilities "potholing," along the pipeline alignment at the intersection of Ash Street and N. Harbor Drive.
- Continue installing 16" diameter pipe from Ash Street south along Harbor Drive.
- During night work hours, install 16" diameter pipe at Broadway and Harbor Drive moving north up Harbor Drive.
- Tie-in connections at the intersection of Pacific Highway and N. Harbor Drive.

Traffic Control:

During the week of August 17, a temporary road closure will occur from 9 p.m. to 6 a.m. on N. Harbor Drive from Ash Street south to Broadway. Please use Pacific Highway as an alternate route during night work hours.

"Working together to engineer a better tomorrow."
